Curated Meat Collection

In our global search to identify and source the finest meat and cuts, in order to offer you the best quality and full traceability, we have partnered with bespoke farms and breeders around the world. They are our eyes on the land – selecting the best animals in the respective cow herds with which they work – then choosing the top cuts and aging them to perfection. Each has a unique story of provenance and terroir. All share our passion for exceptional quality, consistency and traceability.

Carima Farm /ITALY

Carima beef represents the finest selection of female Italian and European breeds, carefully selected based on cattle typology and conformation. Riddled with a good amount of creamy white fat marbling, evenly distributed but not too dense, the beef has a soft consistency that delivers a gentle but characteristic flavour, following a dry-aging maturation of a minimum of 20 days.

Hanwoo /KOREA

Like Wagyu, the secret to the flavour of Hanwoo is the extent of the marbling or strands of fat that criss-cross the meat. This is achieved by a diet high in various grains and corn rather than grass, with added ingredients such as beer and, in some cases, fermented pine needles.

Kagoshima /JAPAN

Kagoshima is currently Japan's No. 1 prefecture for the production of "black cattle" Wagyu. Beef from "Kagoshima Kuroushi" has a melt-in-your mouth taste due to its marbled fat with a very low melting point known as unsaturated fatty acids. The tender and delicate meat and savoury flavour are distinctive to this brand.
